

Spectacular Spots!

Make a Unique Giraffe Poster

Did you know?

Each giraffe has a unique pattern of spot markings.

Scientists use these spot patterns to recognize individual giraffes and to learn about their behavior and interactions.

You need:

- ★ A large piece of paper
- ★ Markers, crayons, scissors, glue, construction paper

Activity

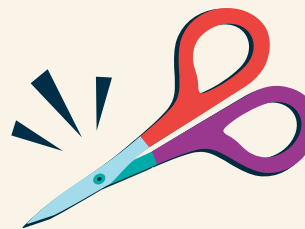

Draw a large outline of a giraffe on paper.

Each person draws a unique colored spot.

OR

Cut out and glue spots on.

Choose your variation!

1

Celebrate giraffes with art

Focus on artistic expression. Students decorate their spots as they choose to create a unique masterpiece.

2

Giraffe learning activity

Each student researches giraffes and their woodland savanna habitats and writes 1 fact inside their spot.

3

Make a thank you giraffe

Create a thank you card for a special teacher, community member, or local organization. Students write thank you notes inside their decorated spots.

4

Celebrate your class

Each student writes their name, 1-2 interests, and 1-2 goals or dreams for the future inside their spot.
