

# HOW TO DRAW

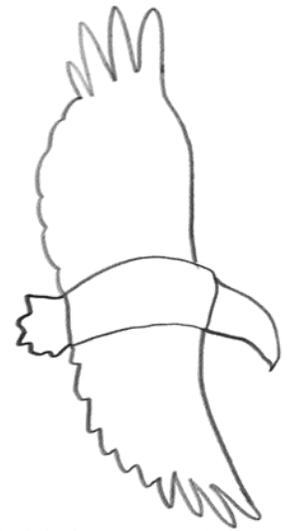

## Bateleur

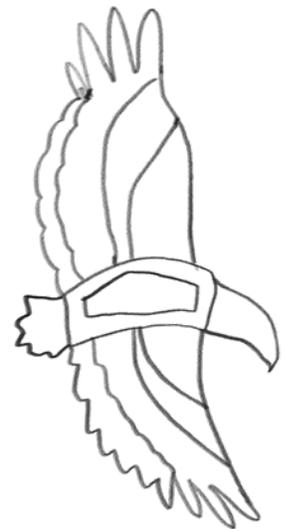

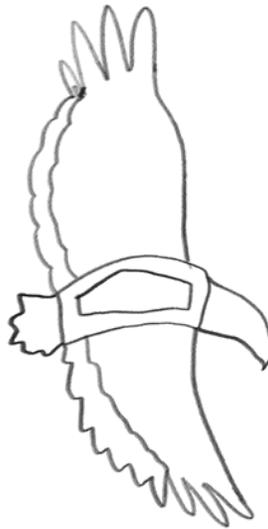

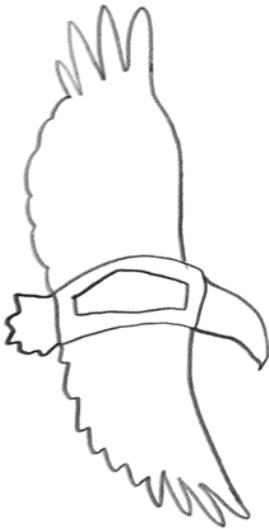

**1** Draw a curved rectangle. This is the bird's body.

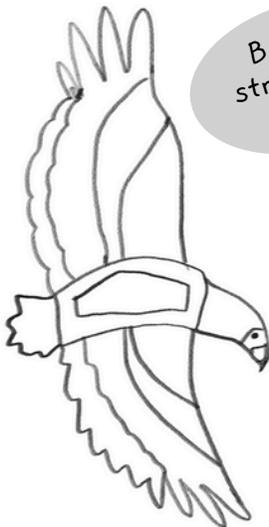

**2** Add a short tail (on the left). Add a head, with pointed beak (on the right).

**3** Add the two wings, with feathered edges.

**4-6** Now add details. Copy the lines on the bird's body and wings.

Bateleurs are striking, colorful eagles.

**7** Add lines for the face and beak. Also add an eye.

**8** Add color to your beautiful bateleur!

Bateleurs scavenge carrion and also eat live prey.

The bateleur is an aerial acrobat!
